Saudi Arabia

PROFESSIONAL SUMMARY

MBBS graduate (2024) with clinical training experience in Saudi Arabia and a multidisciplinary background spanning healthcare, business development, marketing, content creation, project management, and creative industries. Experienced in client engagement, stakeholder management, audience targeting, campaign execution, and growth initiatives across healthcare, media, fashion, and music sectors.

Passionate about healthcare innovation, digital health, healthcare marketing, product development, and emerging technologies. Seeking opportunities that allow me to contribute across product, growth, business development, customer success, healthcare marketing, and medical sales while continuously expanding my expertise.

My long-term goal is to operate at the intersection of healthcare, technology, and business by helping bridge the gap between healthcare professionals, patients, product teams, AI engineers, and software developers to create solutions that improve healthcare delivery and patient outcomes.

CORE COMPETENCIES

Healthcare & Innovation: Clinical Knowledge, Healthcare Communication, Patient Education, Medical Content Creation, Digital Health, HealthTech, AI in Healthcare.

Product & Business: Product Thinking, User Research, Customer Discovery, Business Development, Stakeholder Management, Strategic Partnerships, Account Management.

Marketing & Growth: Growth Marketing, Social Media Strategy, Audience Targeting, Content Creation, Campaign Management, Brand Development, Community Building.
